TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Pembroke in the County of Merrimack in said State, qualified to vote in Town affairs.

[L. S.]

You are hereby notified to meet at Community Hall in said Pembroke on Tuesday, the twelfth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.
2. To hear and act upon the report of the town budget committee.
3. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.
4. To see if the town will vote to adopt the provisions of the Municipal Budget Act.
5. To see if the town will authorize the selectmen to administer or dispose of any real estate acquired by the town through tax collector's deeds.
6. To see if the town will vote for three stronger lights under the overhead bridge on Glass Street, taking the place of the lights now there.
7. To see if the town will vote to install and maintain a street light located on what is known as Simpson Avenue. (The extension north of the Pembroke Grammar School.)
8. To see if the town will raise and appropriate the sum of two hundred fifty dollars for the purpose of a Pulmotor.
9. To see if the town will vote to authorize the selectmen to sell or lease its Town Hall property upon such terms and conditions as said selectmen in their discretion may determine and in the event of such sale or lease to execute all necessary papers in the name of the town.

10. To see if the town will vote to rescind its action in dividing the town into highway districts for the construction and repair of its highways and return to the one highway district system, and instruct its selectmen to appoint an expert highway agent, who, under the direction of the selectmen, shall have the same power and perform the same duties as a highway agent elected by the town.

11. To see if the town will vote to confirm the action of its trustees of trust funds in accepting the following named funds in trust, the income to be used for the perpetual care of the cemetery lots indicated:

- (1) Gift of Myrtie G. Savage of \$50 for the Charles V. Fisher lot at Buck Street.
- (2) Gift of Eva I. French of \$100 for the Chauncy C. French lot at Buck Street.
- (3) Gift of Jennie C. Blodgett of \$150 for the William Haseltine lot at Pembroke Street.
- (4) Bequest of Joseph Wilkins of \$100 for the Jeremiah H. Wilkins lot at Pembroke Street.

12. To see what sum of money the town will vote to raise and appropriate for the oiling of streets.

13. To see what sum of money the town will vote to raise and appropriate for the construction and repair of sidewalks.

14. To hear the reports of auditors, agents and committees, or officers heretofore chosen and pass any vote relating thereto.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and thirty-five.

ALBERT RITCHOTT
ALPHONSE TETRAULT
GEDEON PETIT

Selectmen of Pembroke.

ETHEL P. WHITNEY,
EVERETT H. FARNUM,
FOSTER G. WARREN,

School Board of Pembroke.

Pembroke, N. H.
Feb. 14, 1935

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Pembroke:

Since my official connection with your school system covers only six months, my report will of necessity be brief and will deal chiefly with reorganization of instruction, added facilities, special activities, and relative costs of school maintenance.

The increasing enrollment in several of the upper grades of the Pembroke Grammar School has demanded several changes in the organization of all grades above the Second which is continued in combination with First Grade under Miss Gile. Grades III and IV are combined for home room instruction under Miss Kidder, and Grades V and VI under Miss Brown. The instruction in Grades VII and VIII has been made departmental; the Principal, Mr. Wheeler, teaching mathematics, Eighth-Grade social science, manual training and physical education for boys. While Miss Foss teaches classes in English, literature, music, and Seventh-Grade social science. Miss Foss also gives instruction daily in music in the six lower grades. The physical education class for girls is conducted by Miss Kidder.

Due to a home-room enrollment of nearly fifty pupils in Grades V and VI, Miss Brown was released from instructing upper-grade classes in domestic science. The position was filled by the election of Miss Ruth C. Lennartson, a 1934 graduate of the four-year course at Keene Normal School. Miss Lennartson is employed three half-days a week. In addition to her classes in domestic science, she is giving individual and group instruction to special pupils in language, reading, and spelling.

The only change of instructors in the one-room schools was the transfer of Miss Kandilis to North Pembroke and of Miss Stinson to the Borough School.

The facilities for instruction have been improved by

the introduction of the literature and social science books, recommended in the Report of Superintendent Badger. The Elson System of reading, adopted last year in the first grade, has been extended to the second grade and should be provided for the third grade another year. Science and health readers are needed in all grades. A portable Victrola, ordered by Supt. Badger and delivered this year, adds much to the work in music appreciation. Rhythm band instruments have recently been provided for use by the primary grades.

Facilities for manual training have been improved by the installation of electric lights. In addition to the replacement of tools, a pair of four-foot cabinet makers clamps and a drill set have been purchased.

A new three-burner oil range, equipment for canning fruit and vegetables, and several other utensils have been added to the domestic science equipment. The absence of a sewing machine is unusual in this department. Provision should be made to purchase at least one machine.

Paper towel cabinets and liquid soap dispensers have been placed in each of the two lavatories and in the domestic science kitchen of the Grammar School.

Suitable facilities for drinking water and simple lavatory equipments are imperative needs in the Hill, Borough, and North Pembroke Schools. The seating equipment in these schools does not meet standard requirements and should be replaced as rapidly as possible with individual and adjustable seats and desks. The appropriation of \$200 is recommended for this purpose.

Among the special activities none is of greater value than the services of your School Nurse. I commend to your attention her statistical report for the year ending last June. So far this year the number of her visits in the homes exceeds by more than thirty per cent the number made in schools. The necessary co-operation of the homes in securing corrective treatments is largely effected by this feature of her work.

Through federal funds the daily milk ration is continued for children physically in need of it and unable to pay for it. This has become recognized as an essential public health service and is no more a form of charity than the customary allotment of school paper and pencils.

As part of the regular course in domestic science, the girls of the Grammar School are serving at cost, on the last three school days of the week, a hot dish to supplement the cold lunch of those children who remain during the noon hour.

Through the co-operation of all teachers a complete battery of Metropolitan Achievement Tests has been given in Grades VII and VIII, and a partial battery in Grades V and VI. A profile chart has been made for each pupil. These charts show the individual's achievement in reading, vocabulary, arithmetic fundamentals, arithmetic reasoning, English, and Spelling. In the Seventh and Eighth Grades literature, history, and geography are added. Since these tests were given at frequent intervals over a period of several weeks, they are a valuable index to the pupil's strength or weakness in certain studies. The Superintendent is at the Pembroke Grammar School every Thursday morning and will be glad to discuss with interested parents the results of these tests.

State statistics for the fiscal year ending June 30, 1934, show that among the 242 school districts in the state, taken in the order of total current costs per \$1,000 of equalized valuation beginning with the lowest, Pembroke stands eighteenth its total elementary cost being \$3.69; high school, \$1.20; other current cost, \$.42; total current cost, \$5.31.

The average cost per pupil in the elementary schools of Pembroke was \$66.12 compared with the State median cost per pupil of \$72.46.

In conclusion I wish to express my appreciation of the efficient service rendered by your Attendance Officer. Particularly commendable is the interest taken by your teachers in playground as well as classroom activities. Their

objectives include not only scholastic achievement, but also habits of health and character building.

Respectfully submitted,

GEORGE H. HARMON,

Superintendent.
